WHERE DO WE DIFEER FROM OTHER PORTALS SERVING AS ADVERTISAING SPACE ONLY?

WE ACTIVELY CONNECT CLIENTS REQUIRING TRANSLATION OR LESSONS WITH PROVIDERS OF THESE SERVICES

IN WHAT WAY?

AS A MEMBER YOU CREATE YOUR OWN PROFILE with your contact details, CV, experience, and recommendations, which is available to other portal members.

CLIENTS, who want to place an order for translation (legal entities or natural persons who are our members), may do so by placing an ANNOUNCEMENT for a particular translation (with all relevant parameters such as the number of characters that the text to be translated contains, language combination, deadline for delivering the translation, price and alike), while translators, court interpreters or translation agencies submit their offers. Clients make then their choice.

CLIENTS, who want to place an order for language courses or lessons, place an ANNOUNCEMENT for language courses or lessons (with all relevant parameters such as language, course type, target group, participants' age, dynamic, location), while language schools or teachers submit their offers. Clients make then their choice. Those who are not portal member may also place an announcement for language courses/lessons (public announcements).

If you, as a party placing an order, want to get the BEST OFFER for required translation or lessons, use our AUCTION SYSTEM (with precisely defined and timely limited parameters). Service providers will actively bid with their offers.

The FORUM is intended as a place where you can exchange information about professional topics: translation terminology, proposals for teaching methodology, news in the translation and language teaching market and alike.
